

72-2218

21 April 1972

The Honorable Barry M. Goldwater
United States Senate
Washington, D. C. 20510

My dear Senator Goldwater:

This note is to thank you for your luncheon session with our Senior Seminar which Jack Maury tells me was a great success, as expected. We particularly appreciated your sparing time during this period when activity is heavy on the Hill. Our senior officers profit uniquely, I believe, from such opportunities for insight into the workings of the legislative branch and domestic political life in general, and I gather your discussion with them was especially helpful.

I hope you can come out for a visit when your schedule permits. We might be able to discuss some of the things we covered before the Subcommittee recently when I believe you were out of town, or other matters of interest to you.

Sincerely,

(Signed) Richard Helms

Richard Helms
Director
